

EVAL.1a

Evaluation of 'Spanish with *Juan y Rosa*'

This was probably your first time learning how to read, write, talk and listen in Spanish.

1. What did you think of this activity? How many hours have you spent on it? .....
2. How proactive were you? not at all – moderately – proactive – very proactive
3. Did you do extra practice at home? If so, what else did you practice at home? (Look at the yellow box below.) .....
4. What helped you to remember new words best? .....
5. How did you feel about being guided by Don Toro? Did you ever ask for extra help? If so, who did you ask? Are you satisfied with the extra help you received? .....
6. What did you present to the group? How did it go? .....
7. Do you want to learn more Spanish in this way (e.g. with music, assignments, games) and learning how to learn? This is possible with the *Juan y Rosa* Learning Method Part 1. Ask your teacher about the possibilities or visit the [juanyrosa.com](http://juanyrosa.com) website.

**At home I did extra practice using:**

- the glossaries
- the green blocks
- list 1a in WRTS of 'Juan y Rosa están de vacaciones'
- the song
- my own ways of learning the lists
- a rap song and/or a play of my own
- a Spanish dictionary
